

Dates have been set for the 2012 Service schools. The JB or beginner class is on April 16th , 17th and 1/2 day on the 18th. We cover combustion, burner set-up, linkage controls and troubleshooting control panels.

The HD or advanced school is on April 19th , 20th and 1/2 day on the 21st. We cover low NOx applications, linkageless controls, high turndown and larger burners. We expect people to have already had some start-up experience before attending this advanced class. Both schools are a combination of class room and lab work.

We will offer classes with Autoflame, Siemens, Honeywell, and Fireye. These classes will be held on April 20th . The classes will be two hours in the morning, 1 hr in the afternoon. For HD applicants, please designate on your application morning and afternoon choices for these classes.

The cost of each training class is \$950 for a single room, and \$900 (each) for a double room. This will include the 2-1/2 days of Service school, a Cobalt Blue Viewing lens, hotel, and all meals. Webster will provide transportation from the Wichita Airport to the hotel and factory.

Pick up times at the airport are **noon to 5pm** on the day before the class and return times are after noon on the last day of class. Please schedule flights accordingly. **Do not schedule return flights before 1:30.**

Siemens LMV51 and 52 Training

The week following Webster Service School. All day April 23rd and 1/2 day the 24th. This training is being offered to Start-up and Operations people and is being instructed by the Siemens Service Group.
